NeoLiv Buys 76 Acres Land for Plotted Development, Villa Project in Maharashtra

NeoLiv acquired a 76-acre land parcel in Panvel-Khopoli for its third plotted development. The Rs. 800 crore project will include villas, plots, and retail spaces.

NeoLiv has acquired nearly 76 acres of land in Maharashtra's rapidly emerging Panvel-Khopoli corridor, marking another major expansion in the Mumbai Metropolitan Region's evolving real estate landscape.

The acquisition will pave the way for a premium plotted and villa development with an estimated gross development value (GDV) of Rs. 800 crore. Positioned strategically within the larger Mumbai 3.0 growth vision, the project strengthens NeoLiv's footprint in one of the country's fastest-growing infrastructure-led residential belts.

This is the developer's third land transaction in the Panvel-Khopoli micro-market, underlining growing investor confidence in the region's long-term potential.

Located roughly an hour from both the upcoming Navi Mumbai International Airport and the Mumbai Trans Harbour Link, also known as Atal Setu, the project is expected to cater to rising demand for integrated lifestyle communities connected to Mumbai's expanding infrastructure network.

The development will comprise premium villas, plotted residences, retail conveniences, and lifestyle amenities, including a themed master-planned environment and an internationally designed clubhouse. According to the company, the project aims to offer a modern, sustainable, and low-density living ecosystem surrounded by green and mountain views.

Commenting on the acquisition, Mohit Malhotra, Founder and CEO of NeoLiv, said, "This acquisition represents a significant milestone for NeoLiv as we announce our third key plotted development project in the most sought-after micro-market in the country. Backed by UHNI investors through our SEBI-approved fund and led by a highly experienced team with over 100 years of combined expertise, we are committed to delivering exceptional living experiences that will set new benchmarks for residential developments."

The Panvel-Khopoli belt has emerged as one of the strongest growth corridors within MMR, driven by transformative infrastructure projects and enhanced connectivity. The corridor benefits from proximity to the Mumbai-Pune Expressway and Mumbai-Goa Highway, improving regional accessibility and attracting both residential and investment demand.

NeoLiv's latest acquisition also follows strong sales momentum in its earlier projects. The company recently recorded approximately Rs. 1,251 crore in plotted inventory sales at NeoLiv Golf One, its golf-themed luxury township project in Faridabad. Its debut project, NeoLiv Grand Park in Sonipat, reportedly sold out on the first day of launch with inventory valued at nearly Rs. 300 crore.

With infrastructure reshaping development patterns around Mumbai, developers are increasingly betting on peripheral growth corridors that offer larger land parcels, lower density, and lifestyle-driven residential formats beyond the city core.

NeoLiv Secures 76-Acre Land Parcel in Panvel-Khopoli Belt for Rs 800-Crore Premium Villa and Plot Project

Mumbai, May 19, 2026: Fund-led real estate developer NeoLiv has acquired a prime 76-acre land parcel along the Panvel-Khopoli belt in Maharashtra to construct a premium plotted and villa township. Marking the company's third major transaction within this specific corridor, the strategic move significantly solidifies its foothold in the rapidly expanding Mumbai Metropolitan Region (MMR) and aligns with the evolving "Mumbai 3.0" development vision, NeoLiv said in a press release.

The upcoming mixed-use development boasts an estimated Gross Development Value (GDV) of Rs 800 crore. Designed to offer a holistic, sustainable, and modern living environment, the marquee themed project will feature a blend of luxury villas, residential plots, and integrated retail spaces to cater to daily lifestyle needs. The gated community will also showcase panoramic mountain views, extensive green areas, and an internationally designed clubhouse among its world-class amenities.

Strategically positioned as a prime growth corridor within the MMR, the Panvel-Khopoli belt has experienced a massive real estate surge driven by massive regional infrastructure upgrades. The project site is located just an hour's drive from both the newly developed Navi Mumbai International Airport and the Mumbai Trans Harbour Link (Atal Setu). Additionally, the location provides seamless national connectivity via its close proximity to the vital Mumbai-Pune and Mumbai-Goa highways.

The Maharashtra acquisition follows a string of successful high-value launches for the developer across the National Capital Region (NCR). NeoLiv recently generated Rs 1,251 crore in sales at NeoLiv Golf One, its 47-acre golf-centric luxury township in Faridabad, while its maiden project, NeoLiv Grand Park in Sonapat, entirely sold out its Rs 300 crore inventory on its first day of launch.

Commenting on the announcement, **Mohit Malhotra, Founder and CEO of NeoLiv**, stated, "This acquisition represents a significant milestone for NeoLiv as we announce our third key plotted development project in the most sought-after micro-market in the country. Backed by UHNI investors through our SEBI-approved fund and led by a highly experienced team with over 100 years of combined expertise, we are committed to delivering exceptional living experiences that will set new benchmarks for residential developments."

NeoLiv acquires Panvel-Khopoli land parcel

NeoLiv expands in MMR with a 76-acre Panvel-Khopoli acquisition for plotted and villa development.

Mohit Malhotra, Founder and CEO, NeoLiv

NeoLiv has acquired a 76-acre land parcel in the Panvel-Khopoli belt in Maharashtra to develop a residential project comprising plotted developments, villas and retail components, marking its third transaction in the micro-market. The project has an estimated gross development value of ₹800 crore and strengthens the company's presence in the Mumbai Metropolitan Region.

The site is located about an hour from Navi Mumbai International Airport and the Mumbai Trans Harbour Link and is positioned near the Mumbai-Pune and Mumbai-Goa highways. NeoLiv said the project will include residential plots, villas, retail convenience spaces and lifestyle amenities including a theme-based development and a club facility.

Project details

NeoLiv Founder and CEO Mohit Malhotra said that the acquisition marked the company's third plotted development project in the micro-market and reflected its continued expansion in the segment. He said that the company aimed to develop residential projects through its fund-led development model.

The company said the Panvel-Khopoli belt was emerging as a growth corridor within MMR, supported by infrastructure projects including the Mumbai Trans Harbour Link and Navi Mumbai International Airport, along with road connectivity to other regions.

Previous projects

NeoLiv said its Faridabad project, NeoLiv Golf One, recorded plotted inventory sales worth about ₹1,251 crore, while its first project, NeoLiv Grand Park in Sonipat, sold out inventory worth about ₹300 crore on launch day. The company said it is currently executing six projects across MMR and NCR.

NeoLiv said it was founded by Mohit Malhotra in partnership with 360 ONE and operates as a fund-led real estate developer in residential markets.

NeoLiv Strengthens Mumbai 3.0 Vision with Major Khopoli Land Deal

Realty Quarter Bureau - May 20, 2026

Institution-backed residential platform neolive has acquired a 76-acre land parcel in Khopoli near Mumbai, marking another major investment in the rapidly developing Panvel-Khopoli growth corridor.

The company plans to develop a mixed-use residential community featuring premium villas, plotted developments, and retail spaces. The proposed project is expected to have an estimated Gross Development Value (GDV) of ₹800 crore.

“This acquisition represents a significant milestone for NeoLiv as we undertake our third key plotted development project in the most sought-after micro-market in the country. Backed by UHNI investors through our SEBI-approved fund..., we are committed to set new benchmarks for residential developments,” said **Mohit Malhotra, Founder & CEO of NeoLiv**.

The acquisition highlights the growing importance of the Panvel-Khopoli belt in Mumbai's expanding real estate landscape. With major infrastructure projects such as the Mumbai Trans Harbour Link (MTHL) and the upcoming Navi Mumbai International Airport, the region is witnessing rising interest from both developers and homebuyers.

Industry experts believe the corridor is gradually emerging as a preferred destination for plotted developments and low-density residential communities, driven by improved connectivity and increasing demand for larger living spaces.

NeoLiv was founded by Mohit Malhotra, former Managing Director and CEO of godrejproperties.com, and operates in partnership with wealth management firm 360.one.

The company is backed by a SEBI-regulated Alternative Investment Fund (AIF) supported by ultra-high-net-worth investors.

The deal also reflects the broader shift in residential real estate, where developers are focusing on future-ready corridors with long-term infrastructure and investment potential.

Closing Insight

NeoLiv's latest acquisition reflects the growing transformation of Mumbai's peripheral markets into organised residential investment destinations. As infrastructure projects continue to improve regional connectivity, locations such as Khopoli are increasingly attracting institutional developers looking to tap into future housing demand. The deal also underlines the rising popularity of plotted developments and villa communities among buyers seeking larger spaces, lifestyle-driven living, and long-term value appreciation.

NeoLiv to invest INR 500 crore in 76-acre housing project near Mumbai

Synopsis

- NeoLiv plans to invest around INR 500 crore in a 76-acre residential project in the Panvel-Khopoli belt of the Mumbai Metropolitan Region (MMR).
- The upcoming development will include housing plots and villas with a total saleable area of nearly 13 lakh sq ft.
- The project is expected to generate an estimated revenue potential of around INR 800 crore.
- This will be NeoLiv's third project in the MMR region as the company expands its presence beyond Delhi-NCR.
- The company has already launched two housing projects in Delhi-NCR and plans to launch three projects in MMR during the current financial year.

Real estate developer NeoLiv plans to invest nearly INR 500 crore to develop a large residential project spread across 76 acres in the Panvel-Khopoli belt of the Mumbai Metropolitan Region (MMR), as the company looks to strengthen its presence in the western market.

The company said in a statement that it has acquired the land parcel in the MMR region. However, it did not disclose the transaction value of the land acquisition. The upcoming development will be NeoLiv's third project in the Mumbai metropolitan region.

The planned project will comprise housing plots and villas. According to the company, the development will have an estimated saleable area of around 13 lakh sq ft and is expected to generate revenue of nearly INR 800 crore.

The latest acquisition comes at a time when several real estate developers are expanding into peripheral areas of Mumbai, including Panvel and the surrounding belts, driven by infrastructure growth and improving connectivity. The region has witnessed rising residential activity due to projects such as the Mumbai Trans Harbour Link, Navi Mumbai International Airport, and other transport upgrades.

Neoliv has been gradually expanding its residential portfolio across key markets. The company has already launched two housing projects in the Delhi-NCR market and is now increasing its focus on MMR. It plans to launch three projects in the Mumbai Metropolitan Region during the current financial year.

Industry experts believe plotted developments and villa projects are seeing stronger interest from homebuyers seeking larger living spaces and second-home investments near metro cities. Developers have also been increasing investments in emerging suburban locations where land availability remains comparatively better than core city areas.

नियोलिव ने एक प्रीमियम प्लॉटेड और विला प्रोजेक्ट के लिये पनवेल-खोपोली इलाके में 76 एकड़ ज़मीन खरीदी

मुंबई। भारत के अग्रणी फंड-आधारित डेवलपर **नियोलिव (Neoliv)** ने महाराष्ट्र के पनवेल-खोपोली बेल्ट में अपना एक महत्वाकांक्षी अहम प्रोजेक्ट शुरू करने के लिये 76 एकड़ ज़मीन की खरीद की है, जिससे मुंबई मेट्रोपॉलिटन रीजन में नियोलिव की जगह और मज़बूत हो गई है। नियोलिव का इस बेल्ट में यह तीसरा ट्रांज़ेक्शन है, जो मुंबई 3.0 विज़न में लगातार और मज़बूत मार्केट मौजूदगी दिखाता है।

नवी मुंबई इंटरनेशनल एयरपोर्ट और मुंबई ट्रांस हार्बर लिंक (अटल सेतु) से सिर्फ़ एक घंटे की ड्राइव पर मौजूद इस प्रोजेक्ट का मकसद शांत, हरियाली से भरपूर और पहाड़ों का नज़ारा देने वाली एक वर्ल्ड-क्लास लिविंग कम्युनिटी बनाना है। 800 करोड़ रुपये के जीडीपी वाला यह प्रोजेक्ट, एक शानदार मिक्स यूज़ कम्युनिटी मुहैया करायेगा जिसमें प्रीमियम विला, प्लॉट और लाइफ़स्टाइल की ज़रूरतों के लिए रिटेल की सुविधा के साथ-साथ मार्की थीम-बेस्ड डेवलपमेंट और इंटरनेशनल डिज़ाइन वाले क्लब जैसी विश्व-स्तरीय सुविधाएं शामिल होंगी। यहां रहवासी अपनी तरह के अनोखे होलिस्टिक डेवलपमेंट की उम्मीद कर सकते हैं, जो एक सुरक्षित, मॉडर्न और बेहतरीन जीवनशैली का माहौल देने का वादा करता है।

इस घोषणा पर अपनी टिप्पणी करते हुए नियोलिव के फाउंडर और सीईओ **श्री मोहित मल्होत्रा** ने कहा, “यह एंजिजिशन नियोलिव के लिए एक बड़ा माइलस्टोन है क्योंकि हम देश के सबसे ज़्यादा मांग वाले माइक्रो-मार्केट में अपने तीसरे मुख्य प्लॉटेड डेवलपमेंट प्रोजेक्ट की घोषणा कर रहे हैं। हमारे सेबी-अप्रूव्ड फंड के ज़रिए यूएचएनआई इन्वेस्टर्स के सपोर्ट और 100 से ज़्यादा वर्षों की कुल एक्सपर्टीज़ वाली एक बहुत अनुभवी टीम के नेतृत्व में, हम शानदार लिविंग एक्सपीरियंस देने के लिए प्रतिबद्ध हैं जो रेजिडेंशियल डेवलपमेंट के लिए नए बेंचमार्क सेट करेंगे।”

पनवेल-खोपोली बेल्ट तेज़ी से एमएमआर के प्राइम ग्रोथ कॉरिडोर के तौर पर उभर रहा है। यह उछाल, प्रोजेक्ट से सिर्फ़ एक घंटे की दूरी पर स्थित मुंबई ट्रांस हार्बर लिंक (एमटीएचएल) और नवी मुंबई इंटरनेशनल एयरपोर्ट के इंफ्रास्ट्रक्चर अपग्रेड की वजह से आया है। मुंबई-पुणे और मुंबई-गोवा हाईवे के पास होने की वजह से इस साइट की नेशनल कनेक्टिविटी और भी बेहतर है।

नियोलिव ने हाल ही में एनसीआर के फरीदाबाद में अपने 47 एकड़ के गोल्फ-लेड लक्ज़री टाउनशिप प्रोजेक्ट नियोलिव गोल्फ वन में प्लॉटेड इन्वेंट्री में भारत की सबसे ज़्यादा 1,251 करोड़ रुपये की बिक्री दर्ज की। इसका पहला प्रोजेक्ट नियोलिव ग्रैंड पार्क, सोनीपत लॉन्च के पहले ही दिन बिक गया, जिसकी इन्वेंट्री की कीमत 300 करोड़ रुपये थी।

NeoLiv is stepping up its presence in the Panvel-Khopoli belt with the acquisition of a 76-acre land parcel near Mumbai, as investor-backed developers double down on plotted and mixed-use housing in fast-emerging growth corridors, according to founder and CEO **Mohit Malhotra**. The project will be developed as a mixed-use community comprising premium villas, residential plots and neighbourhood retail, with an estimated gross development value of about ₹800 crore. This marks NeoLiv's third land transaction in the Panvel-Khopoli region, which sits close to Maharashtra's ambitious Mumbai 3.0 vision. The timing reflects how infrastructure-led development is reshaping real estate demand around Mumbai. Improved connectivity via the Mumbai Trans Harbour Link and the upcoming Navi Mumbai International Airport has pushed Panvel-Khopoli into focus as a high-growth micro-market, particularly for plotted developments that appeal to affluent buyers seeking space and long-term value. NeoLiv operates as a fund-led developer in partnership with wealth manager 360 ONE, backed by a SEBI-regulated AIF with capital from ultra-high-net-worth investors, a model increasingly shaping premium residential supply in India. "This acquisition represents a significant milestone for NeoLiv as we undertake our third key plotted development project in the most sought-after micro-market in the country. Backed by UHNI investors through our SEBI-approved fund..., we are committed to set new benchmarks for residential developments," said Mohit Malhotra, Founder & Chief Executive Officer, NeoLiv.
